

AA@MI's Curricula Yield Positive Results

Our AA@MI Reading and Math curricula have consistently yielded positive results since the beginning of our program. Our lessons are authentic, engaging, and tightly aligned to the North Carolina Standard Course of Study and to the daily activities in North Carolina classrooms.

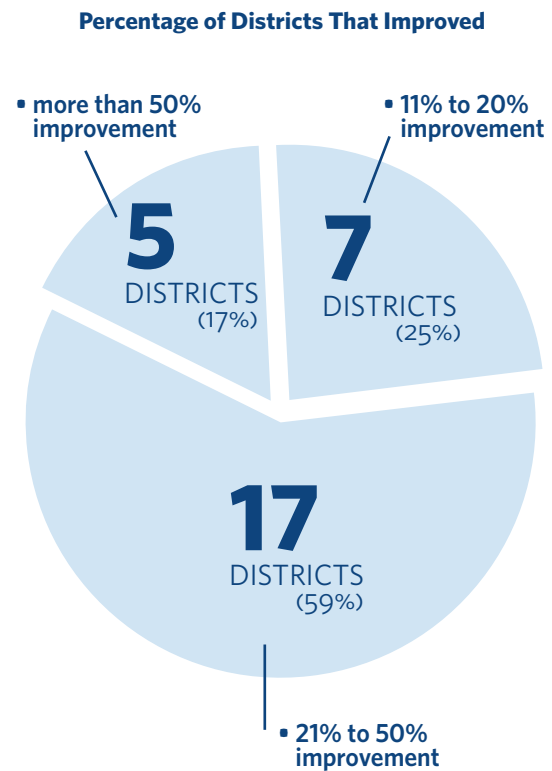

AA@MI's goal is for our students to improve their scores by at least 10% during the course of the program.

ACHIEVEMENT LEVELS IN AA@MI MATH PROGRAMS

2011 improvement in math scores

2011 math score improvement within 29 school districts

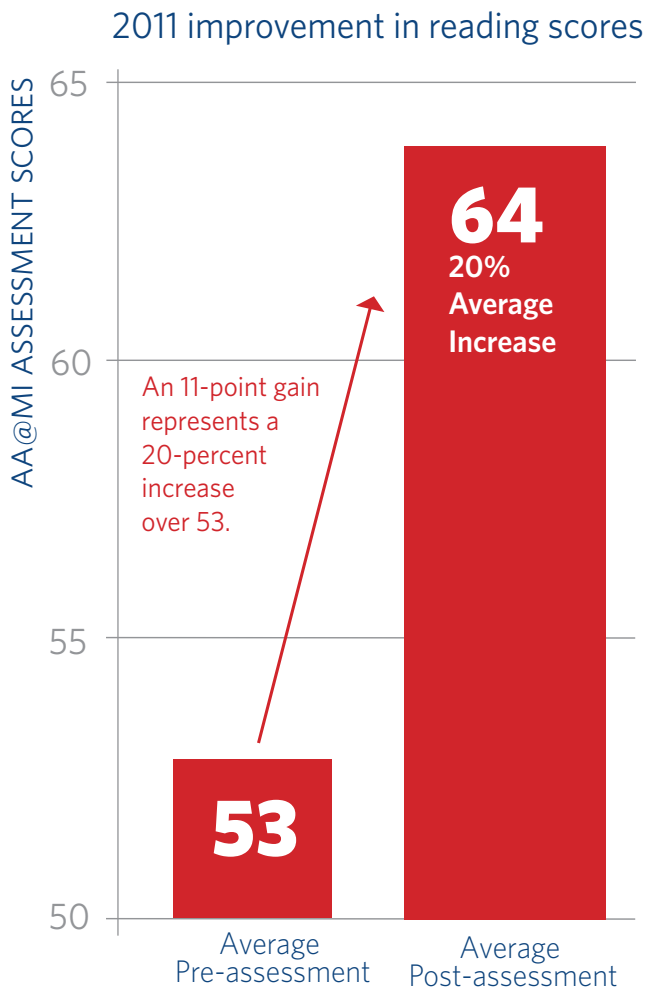

Measured Results

The charts on these facing pages illustrate the Math and Reading gains for the 2010–2011 school year. Students served by AA@MI averaged a 20% gain in Reading proficiency and a 33% gain in Math proficiency. Most school districts exceeded by far the AA@MI target goal of a 10% improvement; gains of up to 52% in Reading and 94% in Math were seen in some districts.
